Doing Business in Brazil, Russia, India and China

Whilst the world's traditional economic superpowers are currently in crisis, the much fabled 'BRIC' economies continue to remain strong. These stimulating courses aim to build cultural competencies that can be applied in any cross-cultural engagement when doing business in Brazil, Russia, India or China. They will provide participants with the opportunity to learn key phrases, to discover more about the culture and business etiquette and help to prepare them for that next business trip.

Arabic Level 3

Arabic is a language that continues to grow in popularity every year and, accordingly, we will be offering a Level 3 course in 2009. This course is designed to develop skills in expressing opinions and building fluency in communication. Also, you will have the chance to consolidate your vocabulary in order to feel more confident in talking about your own day-to-day activities and interests.

Higher Levels offered in Cantonese, Croatian, Dutch, Greek, Korean and Polish

Due to the overwhelming enthusiasm of students in the past year, the IML will be offering higher levels in a variety of languages in 2009. For our loyal past students of Cantonese, Croatian, Dutch, Greek, Korean and Polish, this is your opportunity to obtain further skills in your chosen language.

COURSES FEATURE

French Book Club

What do literature and language learning have in common? Quite a lot it would seem. In 2009, the IML features an exciting new course. Open to those who have completed IML Level 3 or its equivalent, the group ensures further learning while using authentic language in meaningful and memorable contexts. Covering seven books of varied genres, the group will meet on the last Wednesday of every month. What an exciting language encounter this should be!

Chinese and French courses for the Absolute Beginner

Due to students' varying backgrounds in language learning, the IML is offering Level 1 courses for the 'Absolute Beginner' in both Chinese and French.

If you have never learned either language, formally or informally, then this is the level for you. It is aimed at aspiring learners who wish to understand and appreciate the rich and diverse culture of these nations but have no prior knowledge of the language at all.

French Level 6

In addition to our regular conversation courses for French Level 6, this year we will be offering a Level 6 short course to further students' grammatical skills. This course is designed for students who feel confident expressing themselves in French across a wide range of situations and who wish to extend their linguistic competency and accuracy. You will have the opportunity to focus on specific skills in order to develop a greater mastery of the language.

Transfer policy

In the first 3 weeks of the course we will accommodate all transfer requests provided the level is available and there is room in the class. If you enrol in a level which is too easy or too challenging, ask the IML office about moving to a more suitable level. Transfers can only be arranged within the current teaching year.

Refund policy

Please choose carefully. After the course has commenced, we do not give refunds if you have a change in circumstances or make a wrong selection (see Fair Trading Act).

Refund requests must be made in writing to the Director. There is a \$30 refund charge.

If IML cancels a course then a full refund or course transfer will be offered. Fees are

not transferable to another student or to the next year.

Course withdrawal

A fee of \$30 per course applies when a student withdraws from a course before it commences.

Assessment (optional)

IML students have the opportunity to attain acknowledgement of their language skills and abilities. Listening, speaking, reading and writing skills are assessed during the exam period. A certificate of competency is then issued.

For students who have completed a course and do not wish to participate in formal assessment, a Statement of Attendance is available upon request to students who have attended at least 75% of the classes.

Semester 2 of Year courses

Students are welcome to enrol in Semester 2 of a Year course, if they already have competency in the language skills taught in Semester 1 of that course.
